Application No.: 09/448,420

Art Unit: 1639

1. The reply filed on 3/24/03, paper number 28, is not fully responsive to the prior Office action because of the following omission(s) or matter(s): applicants have elected -NH-CHR-CO- (as component of claim 129), in which R is methyl group. The elected component reads on 'amino acid' as a component. In the claimed method use of amino acid as component would result in a library of peptides. However applicants have received an action on merits for nucleotide as compound of interest (see previous office action on merits, paper # 20, page 2). Thus, the election of group -NH-CHR-CO- as component is non-responsive.

Thus, the response is not proper. See 37 CAR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CAR**
